"What I loved about the Learning 1st Program is...how much they really do care about their students and their education. Their door is always open, and they will guide you every step of the way. The counselor and program coordinator went above and beyond the call of duty. They explained to me how I could get my bachelor's degree in Human Services from Troy University in Alabama, and the program is all online. Plus, Troy accepted the classes I have already taken, and there was no application fee or waiting period."

—Cathy Love, 2018 Coastline College Graduate
