Enrollment Fees

$46 per unit. The enrollment fee is subject to change by the state legislature.

College Services Charge

(formerly Student Services Charge)

$12 per semester. This charge underwrites many student services, classes and programs. It is not mandatory. A portion of each $12 charge goes to instructional grants and student scholarships. Information about specific programs funded by this charge and requests for waiver of the charge are available and granted only in the Admissions and Records office during the registration period. Waivers must be secured in advance and submitted at the time of a student's initial enrollment.

Non-resident Tuition

$428.00 per unit + $48.00 per unit Non-Resident Capital Outlay. Students who are not California residents as defined by the Education Code are required to pay the non-resident tuition fee in addition to the fees described above. Active duty military students and their dependents who either are enrolled in the Military Programs administered by Coastline College or who are enrolled only in fully online classes at any college in the District are exempt from the capital outlay fee. Please note that it is the student's responsibility to prove that he/she is a California resident.

Materials Fees

Students may need to purchase materials for classes, as follows:

1. Required instructional materials of continuing value outside of the classroom **must** be paid for by the student. These are tangible materials that are essential to satisfy course objectives, have value to the student outside the classroom, belong to the student and may be taken home. These materials include, but are not limited to, such items as textbooks, workbooks, syllabi, computer discs, tools, uniforms and canvases. They also include materials, such as clay, that are transformed into materials of lasting value.

   Note: Some classes carry a fee for required instructional materials. These fees are for the types of materials described above. When such fees are indicated, the materials for which the fees are levied are supplied at district costs and are sold as a convenience to students. However, students may choose not to pay the fee indicated and provide the materials themselves. Students are warned that they will not be able to complete the requirements of a course if they do not purchase or provide required instructional materials.
2. Students are **advised** to provide certain instructional materials of an optional nature. These are materials that enhance a student's learning experience in the classroom but are not essential to completion of course objectives.
