

# HISTORY, ASSOCIATE IN ARTS DEGREE FOR TRANSFER

**Banner Code:** 3\_AAT\_HIST

**Control Number:** 31453

**Financial Aid Eligible**

Historians analyze the economic, political, social and cultural characteristics of past societies and why these characteristics change over time. Students studying in this discipline will gain a greater understanding of the roots of the modern world and an appreciation for the cultural and global diversity of the human experience. History majors learn how to critically evaluate primary and secondary source materials and how to construct logical written or oral arguments clearly supported with evidence. These skills in critical thinking and communication are broadly applicable and highly sought after by employers, making history an excellent course of study for students seeking a general liberal arts education. History is particularly useful for students considering careers in teaching, law, communications, journalism, librarianship, archival and research work, public administration, and a wide variety of public service and government careers.

Associate Degrees for Transfer (AA-T or AS-T) are open to all Coastline students. Students who do not plan on transferring to a California State University school should consult their Counselor regarding the benefits of an AA-T/AS-T degree based on their goals. Students earning an AA-T or AS-T and intending on transferring to a California State University school receive transfer admission benefits for specific majors at many California State University campuses. Visit the Transfer Information (<https://catalog.cccd.edu/coastline/transfer-information/>) catalog page for more information.

## Program Level Student Learning Outcomes

Upon completion of this program, students will be able to:

1. Develop a well-structured argument supported with relevant evidence which evaluates the social, cultural, political and/or economic characteristics of past societies and how and why these characteristics change over time.
2. Analyze the meaning of primary and/or secondary historical sources and their significance as evidence.
3. Evaluate the impact of social and cultural diversity upon the development of past societies.

## Associate Degree for Transfer Requirements
