**Banner Code:** 3\_AS\_MGMT

**Control Number:** 03723

**Financial Aid Eligible**

This Management Associate of Science degree program prepares students to progress in their careers and educational paths. For those who are currently working, this program will provide them with the knowledge and skills to move up the career ladder to a manager role or to progress further along a supervisor/manager career path. For those considering transferring to a four-year university to earn a bachelor's degree in business, these courses fulfill several transfer requirements. Courses required for this degree build and upgrade skills in leading and managing people while enhancing individual and organizational effectiveness within the workplace. Courses focus on the traditional managerial framework of leading, organizing, planning, communicating, training, and controlling. Coursework emphasizes embracing diversity within organizations and creating inclusive organizational cultures. Potential careers include General and Operations Managers, Administrative Services Managers, Industrial Production Managers. Management positions are required in many industries and in businesses of many sizes.

## Program Level Student Learning Outcomes

Upon completion of this program, students will be able to:

1. Develop and exhibit high standards of professional practice, demonstrating awareness of ethical and social responsibilities in today's multicultural, team-oriented, rapidly changing global environment.
2. Analyze and recommend effective business decisions/solutions using a systematic, evaluative, and data-driven approach.
3. Effectively communicate solutions to business problems using appropriate business terms and strategies.
4. Formulate strategies that embrace diversity within organizations and create inclusive organizational cultures.
