

CREATIVE ARTS BASICS, CERTIFICATE OF COMPLETION

Banner Code: 3_NCQ_CREAR

Control Number: 40845

Not Financial Aid Eligible

The Creative Arts Certificate of Completion program is provided for students through Coastline Community College's Special Programs and Services (COAST) Program. Classes are taught by Special Programs faculty and mentored by field professionals. During this program, students will learn the basics of entry-level art, music, and theater vocations. Classes will be held at the Coastline Community Colleges campus in Newport Beach and locally throughout Orange County at appropriate training sites, including professional and community art, music, and theater traditional and nontraditional sites. Students graduating with a Creative Basics Certificate of Completion will be prepared for many entry-level paid opportunities in these industries. In addition to vocational options, students are encouraged to volunteer in their communities at local exhibition and performance sites and participate in community stewardship activities.

Program Level Student Learning Outcomes

Upon completion of this program, students will be able to:

1. Demonstrate the skills and experience required to take part in basic art, music, and theater vocational activities.
2. Independently recall and perform best practices while participating in creative (art, music and theater) work activities alone or with faculty, managers, staff, students or customers.

This award confirms that a student has completed a noncredit program that prepares students to progress in a career path or to take degree-applicable courses.
