

# LIBERAL STUDIES (FOR TEACHING), ASSOCIATE OF ARTS DEGREE

**Banner Code:** 3\_AA\_LIBS

**Control Number:** 18002

**Financial Aid Eligible**

The Liberal Studies/Teaching Degree offers future elementary school teachers an articulated transfer pathway and career ladder for a B.A. in Liberal Studies and the multiple-subject teaching credential. The focus of the degree is on content knowledge needed to teach in a K-8 setting and education courses that include early fieldwork opportunities for observation and practice. Coursework prepares students for the Multiple Subject CSET exam as required by the California Commission on Teacher Credentialing for elementary school teachers in both regular and special education. Selected courses are also aligned with the multiple subject credential CSET waiver, depending on transfer institution and course. As a standalone degree without transfer the A.A., aligned with the requirements for No Child Left Behind, helps students become effective elementary school paraprofessionals in regular or special education classrooms. The degree is also appropriate for students pursuing a career other than in elementary school teaching (such as tutors and parents providing homeschooling) who would like their course of studies and degree recognition to include an emphasis in liberal studies and teacher preparation curricula. Students may select courses to simultaneously earn the Certificate in Educational Studies as well.

## Program Level Student Learning Outcomes

Upon completion of this program, students will be able to:

1. Apply knowledge, skills, experience, and feedback to make an informed choice to be employed or to continue study in the field of education.
2. Document preliminary subject matter competency and ability to work effectively with students, teachers, parents, colleagues, and administrators in a school and classroom setting.
