

# PROCESS TECHNICIAN FUNDAMENTALS, CERTIFICATE OF ACCOMPLISHMENT

---

3\_CE\_PRTF

The courses offered to obtain this certificate will give the students the basic skills needed to obtain an entry level Processing Technician position within a variety of industrial fields. Process technology involves every aspect of chemical processing: extracting and refining chemicals such as oil and natural gas, refining and monitoring them.

## Program Level Student Learning Outcomes

Upon completion of this program, students will be able to:

1. Comply with environmental and safety regulations.
2. Safely operate process equipment.
3. Work as a team member.

## Certificate Graduation Requirements

A Certificate is awarded upon completion of the required coursework with a grade of C or higher in each course. To receive the certificate, the student must file a petition for graduation during his/her final semester. In addition:

### Certificate of Accomplishment

- Students must also earn a minimum of 12 units of coursework at Coastline, excluding experiential credit.
- A student with prior experience may be excused from certain certificate courses.
- 50 percent of the certificate program's units must be completed at Coastline no matter how the total number of units required for the certificate can be met.

Course	Title	Units
<b>Required Courses</b>		
Students will complete all of the following:		
PTEC C110	Introduction to Process Technology	3.0
PTEC C113	Process Technology 1: Equipment	3.0
PTEC C114	Process Technology 2: Systems	3.0
PTEC C115	Process Technology 3: Operations	3.0
Total Units		12
