Total Units		16-19

3_CN_AHC

This program emphasizes common coursework for careers in Allied Health. Health care continues to be one of the top job employment opportunities throughout the nation.

Program Level Student Learning Outcomes

Upon completion of this program, students will be able to:

1. Find, select and evaluate scientific information present in primary research literature, mass media, online or other sources.
2. Distinguish between personal opinion and evidence gathered using the scientific process.
3. Utilize investigative methods to collect, interpret, and present scientific data on psychological topics.

Certificate Graduation Requirements

A Certificate is awarded upon completion of the required coursework with a grade of C or higher in each course. To receive the certificate, the student must file a petition for graduation during his/her final semester. In addition:

Certificate of Achievement

- Student must be in attendance at the time requirements are completed.
- Students must also earn a minimum of 12 units of coursework at Coastline, excluding experiential credit.
- A student with prior experience may be excused from certain certificate courses.
- 50 percent of the certificate program's units must be completed at Coastline no matter how the total number of units required for the certificate can be met.
