

PHYSICS, ASSOCIATE IN SCIENCE DEGREE FOR TRANSFER

Banner Code: 3_AST_PHYS

Control Number: 33015

Financial Aid Eligible

Physics is an attempt to understand natural phenomena, and is fundamental to related fields such as astronomy, biology, chemistry, geology and engineering. The goal of the physics program is to develop students' understanding and analysis of the physical world through mathematical techniques involving qualitative and quantitative reasoning. It is strongly recommended that all physics majors take a course in linear algebra and differential equations such as MATH C285 in addition to the degree requirements, but this cannot be included as a requirement due to unit limitations.

Associate Degrees for Transfer (AA-T or AS-T) are open to all Coastline students. Students who do not plan on transferring to a California State University school should consult their Counselor regarding the benefits of an AA-T/AS-T degree based on their goals. Students earning an AA-T or AS-T and intending on transferring to a California State University school receive transfer admission benefits for specific majors at many California State University campuses. Visit the Transfer Information (<https://catalog.cccd.edu/coastline/transfer-information/>) catalog page for more information.

Program Level Student Learning Outcomes

Upon completion of this program, students will be able to:

1. Identify and describe major concepts and theoretical principles as applied to physics.
2. Apply appropriate physical laws and mathematical techniques to analyze various physical situations.
3. Perform various scientific experiments and to analyze data to check agreement with theoretical predictions.

Associate Degree for Transfer Requirements

1. Minimum of 60 CSU-transferable semester units. A minimum of 12 units must be in residence at Coastline College.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework.
3. Completion of a minimum of 18 semester units in an Associate Degree for Transfer major as detailed in the catalog.
4. Certified Completion of the California State University General Education-Breadth pattern (CSU GE Breadth - Coastline's Option 2 General Education pattern), OR the Intersegmental General Education Transfer Curriculum (IGETC - Coastline Option 3 General Education pattern).

Physics ADT Program Map

This Associate Degree for Transfer (ADT) program map is a recommended example of all major (program) requirements as well as general education requirements for two-year completion or transfer. This path may be altered to fit your individual academic needs. These two-year program maps were created by program faculty and counselors and demonstrate a recommended path to completion. **Students are advised to meet with a Coastline Counselor for individualized program planning.**

Your Path to Success

Follow this path to earn your ADT in Physics in 2 years.
