Course Description

A course designed to introduce students to all aspects of theatre. This course examines theatre history, acting, directing, and the technical elements of scenery, lighting, sound, costume and make-up. Lecture, demonstration, and classroom participation will be utilized. Attendance at a live theatrical performance is mandatory (the college will not pay for or reimburse a student the cost of attending a live theatrical performance). Transfer Credit: CSU; UC.

Course Level Student Learning Outcome(s)

1. Critique plays by evaluating the artistic choices, assess and interpret performances based on self-developed artistic criteria, and distinguish between arbitrary and artistic choices.
2. Use appropriate technologies to evaluate the rolls of and the relationships between the actor; the director; and the designer of theater, film, or television production.
3. Analyze the elements of dramatic structure by comparing and contrasting theater with film and television performances.

Course Objectives

- 1. Increase appreciation of theatre as a performing art.
- 2. Demonstrate theatrical criticism.
- 3. Evaluate the differences and similarities between theatre and the other performing arts.
