Repeatable	No
Grading Policy	Standard Letter (S), • Pass/No Pass (B)

Course Description

This course is an introduction to and practical application of theatrical scenic painting and technical production techniques for stage scenery and stage properties. Color theory, textures, faux finishes, materials, scenic painting equipment and supplies, and the proper and safe usage of various tools will be emphasized. Students will demonstrate acquired skills through successful completion of projects including the painting of scenery and stage properties for live theatrical productions. Transfer Credit: CSU; UC. C-ID: THTR 192. C-ID: THTR 192.

Course Level Student Learning Outcome(s)

1. Course Outcomes
2. Employ basic theatrical scenic painting techniques to paint scenery and props.
3. Employ basic theatrical scenic painting construction assignments and techniques to realize a completed scenic painting project or projects for the stage.
4. Collaborate with directors, scenic designers, and other design technicians to demonstrate the skills required for a technical theater scenic painting or properties crew member.

Course Objectives

- 1. Critically evaluate orally and in writing scenic painting and technical production techniques including scenic and prop construction and painting.
- 2. Use hardware, equipment, materials and tools available to the scenic and prop construction artist and technical theater crew member.
- 3. Develop professional working standards for theatrical productions.
