

ESSENTIALS OF INTERMEDIATE ALGEBRA (EXPONENTIAL AND LOGARITHMIC), CERTIFICATE OF COMPETENCY

This program introduces students to the essentials of intermediate algebra, focusing on exponential and logarithmic functions. Completing this certificate will help prepare students for essential intermediate algebra concepts and skills necessary to succeed at college-level mathematics courses.

Program Level Learning Outcomes

Upon completion of this program, students will be able to:

1. Solve an exponential equation.
2. Solve a logarithmic equation.

Review Graduation Requirements (<https://catalog.cccd.edu/golden-west/graduation-requirements/certificates/#noncredittext>).

Course	Title	Hours
Required Courses		
MATH G066N	Exponential Functions	6-10
MATH G067N	Logarithmic Functions	6-10
Total Units		18-30
