

# GLOBAL STUDIES, CERTIFICATE OF ACHIEVEMENT

**Banner code:** 2\_CM\_GLOB

**Control number:** 35156

**Financial aid:** Not eligible

Global Studies is an interdisciplinary study of world issues including climate change, terrorism, international crime, economic interdependence and disparities, universal human rights and social justice. The Certificate of Achievement (COA) in the Global Studies program encourages students to become global thinkers and problem-solvers. Students can earn this COA by choosing general education courses that have an international focus, while also earning a degree in another area of study. Students in this program of study will gain an appreciation of the diversity of human culture and perspectives. Graduates will possess an increased understanding of changes brought about by globalization as well as the interconnectedness of the world's social, political, economic, and natural systems. This knowledge will enable them to better work in the global economy, live in a multicultural society and make intelligent decisions as global citizens; all of which are appealing to private and public industries who seek employees with these global competencies.

## Program Level Learning Outcomes

Upon completion of this program, students will be able to:

1. Apply their culture within a global and comparative context.
2. Assess global issues, processes, trends and systems.
3. Interpret issues and situations from more than one perspective.
4. Apply diverse global perspectives and frames of reference to think critically and solve problems.

| Course                                     | Title                                 | Units |
|--|---------------------------------------|-------|
| <b>Required Courses – Core</b>             |                                       |       |
| PSCI G105                                  | Introduction to Global Studies        | 3     |
