

# NETWORK PROFESSIONAL, CERTIFICATE OF ACHIEVEMENT

---

**Banner Code:** 1\_CN\_ITNP

**Control Number:** 42168

**Not Financial Aid Eligible**

In order to receive this Certificate of Achievement, students are required to have the Information and Communications Technologies: Network Technician Certificate of Achievement.

## Program Outcome

Students who receive the Network Professional Certificate of Achievement will be able to design, implement, troubleshoot and repair converged networks. This skillset is highly viable for jobs as network administrators, network engineers, technical/desktop support technicians, system administrators, and help desk technicians/analysts.
