

PYTHON PROGRAMMING, CERTIFICATE OF SPECIALIZATION

Banner Code: 1_CE_CSPY

Not Financial Aid Eligible

Completion of this certificate, issued through the Business and Computing Division, will enable students to apply for entry-level positions in Python programming. A grade of "C" or better is required in all courses. All courses must be completed at Orange Coast College.

Program Outcome

Students who complete the program will be able to write programs in Python using classes, flow-of-control, and fundamental data structure.

Review Graduation Requirements (<https://catalog.cccd.edu/orange-coast/graduation-requirements/certificates/#specializationtext>).
