

INDUSTRIAL PLC TECHNICIAN, CERTIFICATE OF ACHIEVEMENT

Control Number: 41431
Not Financial Aid Eligible

The Industrial PLC Technician Certificate is designed to provide students with the skills and knowledge required to work on the PLC-based industrial control systems commonly found in advanced manufacturing facilities. Students will gain hands-on experience with Siemens and Allen-Bradley controllers. Upon completion of this certificate, students will be able to troubleshoot PLC based systems, replace faulty electrical components, and program and commission systems.

Students must complete the Industrial Electronics Technician Certificate of Achievement (13-14 units) as a part of the required coursework.

Program Outcomes

1. Students will gain the basic knowledge required to take the CET (Certified Electronics Technician) exam.
2. Students will be able to work safely in accordance with NFPA 70E.
3. Students will acquire the skills necessary to connect to a PLC, diagnose system problems, backup a program, and restore a program to a controller.
4. Students will gain proficiency in reading and creating schematics, wiring diagrams, and ladder logic diagrams for advanced control systems.
5. Students will acquire hands-on skills working with HMIs, SCADA, and industrial communication protocols.

Certificate of Achievement Requirements

The Certificate of Achievement is a state-approved career program that requires a minimum of eight units and is designed to prepare the graduate to enter a particular field of employment. In order to be awarded a certificate, students are required to obtain a grade of "C" or better in all program-required courses. Grades of "CR" or "P" will be accepted whereas "CR" or "P" meets the equivalency of a "C" or better. At least 3 units in an advanced course from the certificate must be completed at OCC at the department's discretion. Certificates of Achievement are not automatically awarded. A petition must be filed in Enrollment Services or online at the beginning of the semester in which the student will be completing their final requirements. The petitioning periods are listed in the Graduation Requirements (<https://catalog.cccd.edu/orange-coast/graduation-requirements/>) section of this catalog. Check with a counselor to determine the requirements for completion.

A list of certificate programs can be found in the Programs A-Z (<https://catalog.cccd.edu/orange-coast/programs-study/>) section of this catalog.

Required Prerequisite Industrial Electronics Technician Certificate of Achievement (13-14 units)

Course	Title	Units
Required Courses		
ELEC A100 or MATH A115 or MATH A120	Electronic Problem Solving College Algebra Trigonometry	3-4
ELEC A111	D.C. Circuits	3
ELEC A112	A.C. Circuits	3
ELEC A131	Automation 1- Industrial Control Systems	4
Total Units		13-14

Required Courses

Course	Title	Units
Required Courses		
ELEC A232	Automation 2 - Programmable Logic Controller	4
ELEC A233	Automation 3 - Industrial Networks, HMI, and SCADA	4
ELEC A102	Safety, Maintenance, and Calibration	1
ELEC A103 or ELEC A290	Computer Hardware Configuration & Diagnostics Electronic Troubleshooting	3
Total Units		12
Requirement		Units
Prerequisite Requirements		13-14
Required Courses		12
Total Units		25-26
