

HEATING, VENTILATION, AIR CONDITIONING AND REFRIGERATION (HVACR)

Heating, Ventilation, Air Conditioning & Refrigeration

The Heating, Ventilation, Air Conditioning, and Refrigeration (HVAC-R) option prepares students for employment as heating, ventilating, air conditioning, and refrigeration technicians. Students will be trained to install, service, and maintain air conditioning/refrigeration equipment in buildings. This 30 credit hour program provides a theoretical background and extensive hands-on experience. Commercial refrigeration classes are currently under development.

Employment possibilities include:

Heating, Air Conditioning Technician
Refrigeration Mechanic
