Banner Code: 1_AAT_PSCI

Control Number: 31439

Financial Aid Eligible

Students graduating with an Associate in Arts in Political Science for Transfer Degree are well positioned to complete a Bachelor's Degree in a similar major within the California State University system with 60 units of upper-division coursework. Students who complete the Political Science AA-T degree are guaranteed admission to the CSU system, but not to a particular campus or major. Students must maintain a minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum 2.0 is required for CSU admission, some majors may require a higher GPA. Please consult a counselor for more information.

The Political Science Department facilitates the success of general education students and political science majors by offering lower division courses in each of the sub-fields: American government, international relations, comparative politics, public law, and political theory. Political Science classes emphasize the importance of an informed citizenry, seek to instill the ability to analyze political phenomena in a critical way, and develop the communication skills to convey those analyses to others.

Program Outcomes

1. Students will demonstrate an increased awareness of their rights and responsibilities to themselves and to their communities--local, regional, national and global.
2. Students will be eligible and prepared for admission (SB 1440 and Education Code 66746) to California State University system schools.
