

COURSE AUDITING

In accordance with the California Education Code Section 76370 and district policy, students may audit courses specifically designated by the college as eligible for audit. Students who audit classes will be expected to participate in all class activities as required by the instructor. No credit is awarded. Further information can be obtained in the division offices.

Conditions for Course Auditing

1. The course has been designated by the College as eligible for audit.
2. The student is ineligible to enroll for credit because the course has already been taken for the maximum number of times allowed within the Coast Community College District.

Note: Permission to audit a class requires the approval of the faculty member and Division Dean. Students who enroll in a class for the semester requested are ineligible for an audit option.
