

THE HUB – STUDENT RESOURCE CENTER

The Hub supports all students - ensuring students receive the resources they need to complete their academic goals. The heart of the Hub is a caring group of peer mentors and student services professionals dedicated to student success. The Hub is the team responsible for answering instructor-raised "flags" in our Early Intervention application, **Starfish**, and is a great resource for students who may need help getting started or navigating all the services and support programs available. Key areas of support include

- Application/Registration Assistance
- Help completing forms, applications, processes
- Connecting to other student services departments and programs
- Skill building - using technology, writing emails, self-advocacy, time management, etc.

The Hub is located on the first floor of Watson Hall and can be reached at thehub@occ.cccd.edu or (714) 716-1747.
