

TRANSFERABILITY OF COURSES

Many courses offered at Orange Coast College will transfer to meet general education, major or elective requirements at four-year colleges and universities. **All courses numbered A100 or above will transfer to California State University.**

Courses which are transferable to the **University of California** will be designated in the Courses section of the catalog with a UC at the end of the course description. Some of the courses which are transferable to the University of California have credit limitations. Check the UC Transferable Course List to determine these limitations. This list is available in the Counseling Center and the Transfer Center.

Independent and out-of-state colleges and universities usually accept most courses which are transferable to the University of California, and many of the courses acceptable at CSU. Articulation agreements are available for many colleges in the Transfer Center website.
